Info Italiano

L'antichizzazione dei nostri prodotti è fatta manualmente pertanto la tonalità dell'ottone potrebbe avere sfumature diverse da quelle rappresentate in fotografia.

L'antichizzazione fatta a mano non impedisce la naturale ossidazione di questo metallo che esposto all'esterno, è soggetto all'azione degli eventi naturali.

I nostri prodotti non sono autopulenti, di conseguenza, in caso fossero ricoperti da salsedine, devono essere puliti con i normali prodotti per la pulizia dei metalli.

Svolta la procedura di pulitura, col tempo riprodurranno la patina tipica dell'invecchiamento dell'ottone.

Info English

The ageing of our products is performed manually, therefore the colouration of the brass may differ from that shown in photography.

The manual ageing process does not prevent the natural oxidation of the metal, which, if exposed to the elements, may be subject to natural tarnishing.

Our products are not self-cleaning, therefore, if exposed to salt or other corrosive substances, they should be cleaned with ordinary metal cleaning products.

After cleaning, the products should reassume the typical patina of aged brass.

Info Français

Le vieillissement de nos produits est fait à la main c'est pourquoi la teinte du laiton pourrait avoir des nuances différentes de celles représentées sur la photographie.

Le vieillissement fait à la main n'empêche pas l'oxydation naturelle de ce métal qui, exposé à l'extérieur, est sujet à l'action des conditions naturelles.

Nos produits ne sont pas autonettoyants, par conséquent, s'ils viennent à être recouverts de salissure ou autre, il faut les nettoyer avec les produits habituels que l'on utilise pour le nettoyage des métaux.

Une fois la procédure de nettoyage effectuée, ils produiront de nouveau au fil du temps la patine typique du vieillissement naturel du laiton.

Info Deutsch

Die Antikisierung unserer Produkte erfolgt manuell, daher kann die Farbe des Messings andere Farbtöne aufweisen als auf dem Foto dargestellt.

Die manuelle Antikisierung verhindert nicht die natürliche Oxidation dieses Metalls, das im Freien der Wirkung von Naturereignissen unterliegt.

Unsere Produkte sind nicht selbstreinigend. Wenn sie also von salzhaltiger Luft oder anderem verschmutzt sein sollten, reinigen sie mit einem weichen Tuch und Lösungsmittelfreien Putzmitteln.

Nach dem Reinigungsvorgang bilden sie erneut die für die Messingalterung typische Patina.

NEW

Ice Cubic

IT:

Ice Cubic è il risultato della combinazione di due elementi: l'artigianalità Moretti Luce e la tecnologia a LED pcb.

La sfida perseguita in questi anni ha portato alla luce una lampada con tecnologia a LED integrata caratterizzata da un design minimal che mantiene al contempo l'effetto caratteristico dei nostri prodotti.

Ice Cubic in versione quadrata è disponibile in 3 finiture ed elettrificazione a Led 3000° K o GX53.

Presenta inoltre diversi tipi di protezione del vetro per offrirvi un ampio range di personalizzazione.

EN:

Ice Cubic is the result of 2 matched elements: Moretti Luce's craftsmanship and PCB LED technology.

The challenge pursued in these years has allowed to create a minimal design lamp with the integration of LED technology that maintains our characteristic effect at the same time.

Ice Cubic square is available in 3 finishes and Led 3000°K or GX53 electrification.

Furthermore it presents different protection for glass to offer a huge range of personalization.

Ice Cubic

EN:

Ice Cubic è il risultato della combinazione di due elementi: l'artigianalità Moretti Luce e la tecnologia a LED pcb.

La sfida perseguita in questi anni ha portato alla luce una plafoniera con tecnologia a LED integrata caratterizzata da un design minimal che mantiene al contempo l'effetto caratteristico dei nostri prodotti.

Ice Cubic in versione rettangolare vanta un ampio range di personalizzazione:

oltre ai molteplici colori è possibile configurare il prodotto con ben tre tipi di elettrificazione: Led 3000°K - GX53 - E27.

Presenta inoltre diversi tipi di protezione del vetro.

EN:

Ice Cubic is the result of 2 matched elements: Moretti Luce's craftsmanship and PCB LED technology.

The challenge pursued in these years has allowed to create a minimal design lamp with integrated LED technology that maintains our characteristic effect at the same time.

Ice Cubic rectangular offer a huge range of personalization: Is available in 3 finishes and Led 3000°K - GX53 or E27 electrification.

Furthermore it presents different protections for glass.

Legenda Simboli

Symbol legend

Prodotto rispondente ai requisiti essenziali richiesti dalle Direttive europee in vigore.
Product compliant with the essential requirements of the relative EU Directives in force.

Rifiuto di apparecchiatura elettrica - elettronica, deve essere smaltito in appositi contenitori.
Waste Electrical and Electronic Equipment must be disposed of in differentiated waste containers.

Apparecchio che deve essere collegato al circuito di messa a terra dell'impianto per garantire la protezione alla scossa elettrica.
Equipment which must be connected to the systems earth circuit to guarantee protection against electric shock.

Apparecchio che non richiede il collegamento alla messa a terra dell'impianto in quanto la protezione alla scossa elettrica è garantita da un doppio isolamento con le parti in tensione.
Equipment which does not need to be connected to the systems earth circuit as protection against electric shock is guaranteed by double insulation of live parts.

Apparecchio funzionante a bassissima tensione per la quale garantisce la protezione alla scossa elettrica.
Equipment which operates at low voltage which guarantees protection against electric shock.

Apparecchio non idoneo ad essere ricoperto da materiale isolante.
Equipment not suitable for being covered with insulating material.

Apparecchio non idoneo ad essere installato su superfici normalmente infiammabili.
Equipment not ideal for installation on normally flammable surfaces.

Vetro di protezione che se danneggiato deve essere obbligatoriamente sostituito.
Protective glass which MUST be replaced if damaged.

Distanza da mantenere fra l'apparecchio e la superficie illuminata.
Clearance between the appliance and the illuminated surface.

Grado di protezione

Protection rating

IP 20	Apparecchio ordinario <i>Ordinary appliance</i>
IP X1	Apparecchio protetto contro la caduta verticale di gocce d'acqua <i>Appliance protected against vertically falling drops of water</i>
IP X2	Apparecchio protetto contro la caduta di gocce fino a 15° dalla verticale. <i>Appliance protected against drops falling up to 15 ° from the vertical.</i>
IP X3	Apparecchio protetto contro la pioggia <i>Appliance protected against rain</i>
IP X4	Apparecchio protetto agli spruzzi d'acqua <i>Appliance protected against water spray</i>
IP X5	Apparecchio protetto ai getti d'acqua <i>Appliance protected against low pressure water jets</i>
IP 3X	Apparecchio a prova di penetrazione di corpi solidi di diametro superiore a 2,5 mm <i>Appliance protected against solid objects with a diameter over 2.5 mm</i>
IP 4X	Apparecchio a prova di penetrazione di corpi solidi di diametro superiore a 1 mm <i>Appliance protected against solid objects with a diameter over 1 mm</i>
IP 5X	Apparecchio protetto contro la polvere <i>Appliance protected from limited dust ingress</i>
IP 6X	Apparecchio protetto contro la polvere <i>Appliance protected from limited dust ingress</i>

Si consiglia l'utilizzo di sole lampadine di qualità. Moretti Luce S.r.l non risponde di eventuali danni o problemi emersi per l'utilizzo di lampadine non conformi o non certificate.

We recommend the use of quality light bulbs only. Moretti Luce S.r.l shall not be held liable for any damages or problems arising from the use of non-compliant or non-certified light bulbs.
