

# KALEIDO

Like a cascade of crystals that seems to fall from the sky.

Like the silent intimacy of a soft light.

Like the majesty of ice revealing itself enigmatically.

Like the energy of a project that dares to forge new paths without looking back.

Like the wisdom of a vision that honors tradition  
while reinterpreting it for the future.

This is Kaleido,  
the new Italamp collection that unites experience,  
tradition, technology and design in a unique harmony.

Light cannot be grasped,  
but it is a touch that ignites emotions and transforms spaces.  
Every light is a universe unto itself.

In every Kaleido composition,  
a world unfolds waiting to be discovered.

Let yourself be inspired.

Come una cascata di cristalli che sembra scendere dal cielo.

Come la complicità silenziosa di una luce soffusa.

Come la maestosità di un ghiaccio che si rivela in modo enigmatico.

Come l'energia di un progetto che osa tracciare nuovi percorsi senza voltarsi indietro.

Come l'intelligenza di una visione che onora la tradizione  
reinterpretandola per il futuro.

Quesra è Kaleido,  
la nuova collezione Italamp che unisce esperienza,  
tradizione, tecnologia e design in un'armonia unica.

La luce non si può afferrare,  
ma è un tocco che accende emozioni e trasforma ambienti.  
Ogni luce è un universo a sé.

In ogni composizione di Kaleido  
si apre un mondo tutto da scoprire.

Lasciati ispirare.

Exclusive high-end lighting, designed and made in Italy, since 1975.  
Italamp develops and manufactures products entirely in Italy that stand out for their distinct personality and for the use of traditional techniques that guarantee the highest quality and uniqueness of each creation.

Azienda leader nel design dell'illuminazione  
Made in Italy, dal 1975.  
Italamp sviluppa e realizza interamente in Italia prodotti che si distinguono per la spiccata personalità e per l'utilizzo di tecniche della tradizione che garantiscono la massima qualità e l'unicità di ogni creazione.

*Light*  
as an attitude.

Our products are cared for in every detail,  
the refraction of light is a key aspect in creating  
an elegant atmosphere that can give off a timeless  
appeal.

I nostri prodotti vengono curati in ogni dettaglio,  
la rifrazione della luce è un aspetto fondamentale  
per creare un'atmosfera elegante, in grado di  
sprigionare un fascino sempre attuale.

Where the  
art of  
*glass*  
meets  
design.

Our products are embellished with unique glass and crystal.

The craftsmanship always considers the result to be achieved: the transparency, the brilliance, the grace of a product that has crossed ages and histories, sought after for its beauty and its nobility of living as a natural material.

I nostri prodotti sono impreziositi da vetri e cristalli unici. La lavorazione artigianale tiene sempre conto del risultato a cui si deve arrivare: la trasparenza, la brillantezza, la grazia di un prodotto che ha attraversato epoche e storie, ricercato per la sua bellezza e per la sua nobiltà di materia viva e naturale.

# GENERAL INFO

Kaleido redefines the concept of bespoke lighting, offering an innovative system that combines technology and design to fit perfectly into any environment. You can choose between different types of spotlights, finishes and ceiling fixtures, creating customized lighting configurations that combine aesthetics and functionality. Our flexible approach transforms lighting into an advanced design experience, able to enhance any space with precision and style. With Kaleido, light becomes a distinctive element of your design.

Kaleido ridefinisce il concetto di luce su misura, offrendo un sistema innovativo che unisce tecnologia e design per adattarsi perfettamente a qualsiasi ambiente. Puoi scegliere tra diverse tipologie di faretti, finiture e attacchi a soffitto, creando configurazioni luminose su misura che coniugano estetica e funzionalità. Il nostro approccio flessibile trasforma l'illuminazione in un'esperienza progettuale evoluta, capace di esaltare ogni spazio con precisione e stile. Con Kaleido, la luce diventa un elemento distintivo del tuo design.

## Fixing options

Opzioni di fissaggio

### Fixing on false ceiling

Fissaggio su controsoffitto

Ceiling mounting allows for a visually lighter design, as the leaves are suspended directly from the ceiling. This installation requires a power point for each fixture and access to a nearby driver housing area. This mounting option is compatible with any lighting system.

Il fissaggio su controsoffitto consente di ottenere un design visivamente più leggero, in quanto le foglie vengono sospese direttamente dal soffitto. Questa installazione necessita di un punto di alimentazione per ogni fissaggio e l'accesso nelle vicinanze a un'area per l'alloggiamento del driver. Questa opzione di fissaggio è compatibile con qualsiasi sistema di illuminazione.

### Fixing on ceiling plate

Fissaggio con piastra a soffitto

Kaleido becomes a strong visual impact element when installed on a plate. The housing of the plate is intended for concrete ceilings and if it is not possible to insert a remote driver. This mounting option is compatible with any lighting system. The colour of the frame can be customized to match the ceiling.

Kaleido diventa un elemento di forte impatto visivo quando viene installato su una piastra. L'alloggiamento della piastra viene prevista per soffitti in cemento e qualora non fosse possibile inserire un driver remoto. Questa opzione di fissaggio è compatibile con qualsiasi sistema di illuminazione. Il colore del telaio può essere personalizzato per armonizzarsi con il soffitto.

### Fixing on rings

Fissaggio su anelli

The integration of rails in the project emphasizes the verticality of the installation. This system allows you to reduce the number of ceiling mounting points making it ideal for skylights or decorative ceilings. This mounting option is compatible with any lighting system.

L'integrazione di rotaie nel progetto enfatizza la verticalità dell'installazione. Questo sistema consente di ridurre il numero di punti di fissaggio a soffitto rendendolo ideale per installazioni su lucernari o soffitti decorativi. Questa opzione di fissaggio è compatibile con qualsiasi sistema di illuminazione.

### Fixing on grid

Fissaggio su griglia

Grid fixing is an elegant and versatile solution for our compositions. Made of stainless steel tubes with a diameter of 6mm, the grid can be painted to suit different aesthetic needs. This system allows the integration of directional projectors offering targeted lighting.

Il fissaggio a griglia rappresenta una soluzione elegante e versatile per le nostre composizioni. Realizzata in tubi di acciaio inox dal diametro di 6mm, la griglia può essere verniciata per adattarsi a diverse esigenze estetiche. Questo sistema consente l'integrazione di proiettori direzionali offrendo un'illuminazione mirata.

The compositions are suggestions to stimulate the imagination and creativity of the viewer, a concrete tool in the service of design. Please be advised that the color of the glass varies slightly from what is shown in the pictures. All products in the ITALAMP collections are carefully created using craft techniques, all glass components are handmade and for this reason the single element shape might vary slightly. These variations are not imperfections but characteristic peculiarities of the production process.

Le composizioni sono suggestioni per stimolare la fantasia e la creatività del cliente, uno strumento concreto al servizio del design. Si prega di notare che il colore del vetro varia leggermente da quello mostrato nelle immagini. Tutti i prodotti delle collezioni ITALAMP sono realizzati con cura utilizzando tecniche artigianali, tutti i componenti in vetro sono realizzati a mano e per questo motivo la forma del singolo elemento potrebbe variare leggermente. Queste variazioni non sono imperfezioni ma caratteristiche peculiariità del processo produttivo.

# Dalia

Dalia draws inspiration from the shape of a seashell bringing with it the wonder of the sea. Suspended, it floats lightly in its dance transforming the surrounding space into a realm of magic.

Dalia si ispira alla forma di una conchiglia, portando con se la meraviglia del mare. Sospesa, fluttua leggera, trasformando lo spazio in magia.

Technical sheets pg.154

The compositions are suggestions to stimulate the imagination and creativity of the viewer, a concrete tool in the service of design. Please be advised that the color of the glass varies slightly from what is shown in the pictures. All products in the ITALAMP collections are carefully created using craft techniques, all glass components are handmade and for this reason the single element shape might vary slightly. These variations are not imperfections but characteristic peculiarities of the production process.

Le composizioni sono suggestioni per stimolare la fantasia e la creatività del cliente, uno strumento concreto al servizio del design. Si prega di notare che il colore del vetro varia leggermente da quello mostrato nelle immagini. Tutti i prodotti delle collezioni ITALAMP sono realizzati con cura utilizzando tecniche artigianali, tutti i componenti in vetro sono realizzati a mano e per questo motivo la forma del singolo elemento potrebbe variare leggermente. Queste variazioni non sono imperfezioni ma caratteristiche pecularità del processo produttivo.

# Reva

Reva brings the magic and beauty of the ocean.  
When installed together, they create a cascade of light that evokes  
ocean drops suspended in the air, reflecting uniquely.

Reva porta con sè la magia dell'oceano.  
Installate insieme creano una cascata di luce che evoca  
gocce d'acqua sospese nell'aria, riflettendo in modo unico.

# TECHNICAL SHEETS

Every space has its uniqueness and each light finds its perfect location.

In this section each composition is presented in several dimensional variations while maintaining the original shape. This approach allows each solution to be adapted to multiple architectural contexts, ensuring stylistic consistency and maximum versatility. The different models make it possible to enhance spaces of various widths, offering a lighting tailored to each environment.

Ogni spazio ha la sua unicità e ogni luce trova la sua perfetta collocazione.

In questa sezione ogni composizione è presentata in più varianti dimensionali mantenendo la forma originale. Questo approccio consente di adattare ogni soluzione a molteplici contesti architettonici, assicurando coerenza stilistica e massima versatilità. I diversi modelli permettono di valorizzare spazi di varie ampiezze, offrendo un'illuminazione su misura per ogni ambiente.

# Alyssa

Each item is equipped with its own documentation including a certificate of authenticity and a card with instructions for quality control inspections. In case of complaint the customer should send us a copy of this card, which also contains instructions for correct assembling of the fixture. Italamp is not liable for incidental injuries or damage to people or things due to: incorrect installation of the fixtures, use of not suitable bulbs, modification of the original technical features of the items.

The company has the right to modify any model for both aesthetic and technical features when necessary, according to Italamp's unquestionable judgement.

The **CE** label is a European guaranteed mark.

It certifies product quality and its compliance with the safety standards stated by EEC regulations.

Italamp can provide for most of its products the UL certification. Worldwide, UL tests products according to U.S. safety requirements for secure access anywhere in north U.S.

UNI EN ISO 9001/2015 steadily certifies the high quality and the great reliability of all Italamp production processes.

Italamp is a registered trademark.

**WARNING:** The colors displayed, for known technical reasons, are indicative and may differ from the original: the reaction of colors, glass, textures, lacquers and metals varies depending on the thickness and overall size of the product but especially the light that beats on the overall surface. ITALAMP reserves the right to make any changes to the products it deems most appropriate, at any time and without notice.

All our items are registered and covered by patent.

This catalogue is copyrighted and protected by the Italian law (22/4/1941 n°633 and 14/12/1942 n°1485).

Any reproduction of this catalogue is strictly forbidden.

Ogni prodotto Italamp è corredato di una documentazione contenente tra l'altro il certificato di autenticità e la scheda di collaudo.

In caso di reclamo il cliente dovrà sempre fornire copia della scheda.

Sulla scheda sono contenute anche le istruzioni per un corretto montaggio dell'articolo.

Italamp non risponde per eventuali danni a persone o cose causati da una non corretta installazione dei propri apparecchi di illuminazione, da un uso di lampadine non conformi e dalla modifica delle caratteristiche tecnico costruttive.

La ditta si riserva di apportare ai modelli ogni modifica estetica e tecnica che a suo insindacabile giudizio ritenga necessaria.

Il marchio **CE** è un marchio europeo di garanzia che certifica la qualità del prodotto e la sua rispondenza ai parametri di sicurezza previsti dalle normative CEE.

Italamp può fornire per la quasi totalità dei suoi articoli la certificazione con marchio UL. In tutto il mondo UL testa prodotti secondo i requisiti di sicurezza statunitensi per un accesso sicuro ovunque nel Nord America. UNI EN ISO 9001/2015 certifica in maniera stabile l'alta qualità e la grande affidabilità di tutti i processi produttivi aziendali della produzione Italamp. Italamp è un marchio registrato.

**ATTENZIONE:** I colori visualizzati, per noti motivi tecnici, sono indicativi e possono differire dall'originale: la reazione dei colori, vetri, texture, vernici e metalli varia a seconda dello spessore e delle dimensioni complessive del prodotto ma soprattutto della luce che batte sulla superficie complessiva.

ITALAMP si riserva il diritto di apportare ai prodotti le modifiche che riterrà più opportune, in qualsiasi momento e senza preavviso.

Tutti i nostri modelli sono depositati e quindi coperti da brevetto.

Questo catalogo è tutelato dalla legge sui diritti d'autore (legge 22/4/1941 n°633 e dalla legge 14/12/1942 n°1485).

È vietata ogni riproduzione anche parziale dello stesso.
